

# Sustainable agriculture and land use enhancing climate action and increasing productivity

Side event in EU Pavilion in  
UNFCCC COP22,  
in Marrakech

**Place:** European Union Pavilion, Room Bratislava, Area D, Blue zone of the venue Bab Ighli, Marrakesh

**Time:** Friday, 11th November, at 18:30-20:00

The interactive EU side-event is focusing on sustainable agriculture and its role in the implementation of the Paris Agreement and Sustainable Development Goals.

**The event will invite participants to discuss the following questions:**

- How can we safeguard food security and end hunger under climate change?
- How can national decision-makers reduce the risks and vulnerabilities of their food production systems, and strengthen their resilience?
- How can we encourage and support farmers to participate in climate actions?

Sharing of best knowledge and practices and innovations is of utmost importance, because local actions scale up to global impact.

Welcoming words and introduction to the topic,  
by Hanna Mattila, Ministry of Agriculture and Forestry of Finland
